TERMINAL DISCLAIMER TO OBVIATE A  
DOUBLE PATENTING REJECTION OVER PRIOR PATENTS

Mid-America Commercialization Corporation, the owner of 100 percent interest in the instant application, hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the instant application, which would extend beyond the expiration date of the full statutory term of claims 1-23 of U.S. Patent No. 6,183,665, claims 1-16 of U.S. Patent No. 5,888,419, claims 1-5 of U.S. Patent No. 5,958,289, claims 4-26 of U.S. Patent No. 5,741,437, claims 1-12 of U.S. Patent No. 5,739,327, and claim 1 of U.S. Patent No. 5,959,104, as presently shortened by any terminal disclaimer. The owner hereby agrees that any patent so granted on the instant application shall be enforceable only for and during such period that it and the prior patents are commonly owned. This agreement runs with any patent granted on the instant application and is binding upon the grantee, its successors or assigns.

In making the above disclaimer, the owner does not disclaim the terminal part of any patent granted on the instant application that would extend to the expiration date of the full statutory term of the prior patent, as presently shortened by any terminal disclaimer, in the event

that it later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321, has all claims cancelled by a reexamination certificate, is reissued, or is in any manner terminated prior to the expiration of its full statutory term as presently shortened by any terminal disclaimer.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

The Commissioner is hereby authorized to charge payment of any fees associated with this communication or credit any overpayment to Deposit Account No. 19-0522.

Respectfully submitted
